

(1) In the diagram of the earth below, suppose that you were standing at the location represented by the small blue circle.

At that location, which one of the four labeled directions would be “down”?

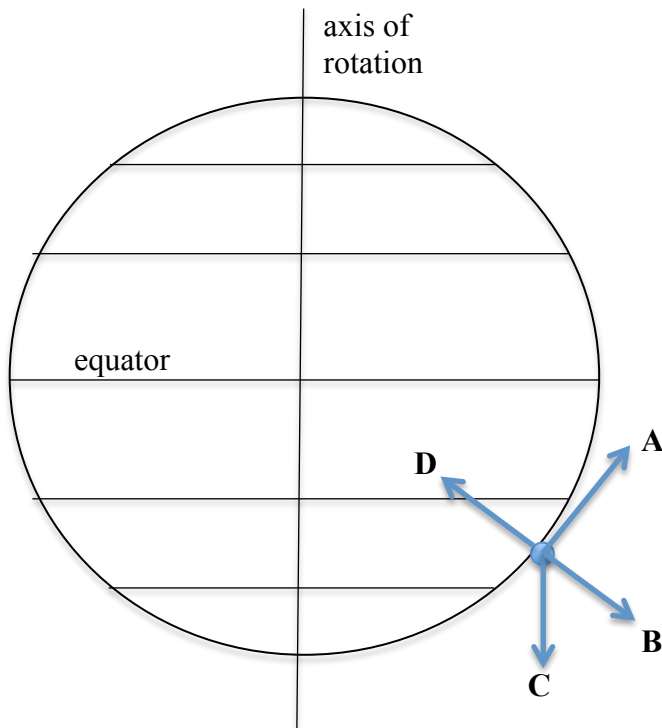

(A) **A**

(B) **B**

(C) **C**

(D) **D**

(2) At the same location, which one of the four labeled directions would be a *horizontal* direction (that is, toward a point on the horizon)?

(A) **A**

(B) **B**

(C) **C**

(D) **D**
